1. [REDACTED] advised me that as a result of a report which the President's Foreign Intelligence Advisory Board (Clifford Board) had made on the [REDACTED] case, [REDACTED] telephoned to request a briefing for Secretary Vance on personnel security practices and procedures. This briefing will be on Friday morning, 14 February. (On Friday morning I learned that this report has been in the Agency since 8 February.)

2. At the Executive Committee Meeting this morning I reported that only twenty of our dependents remained [REDACTED]. The Director indicated that he thought we had better get them out. Accordingly, I sent a cable to the field today urging their departure and asking for the station's views and plans.

4. [REDACTED] telephoned to say that, since General Chase had been transferred from CINCSTRIKE, [REDACTED] had discussed with General Peterson of J-2 our desire to have Agency installations [REDACTED] protected if and when a task force goes there. He assured me that this very definitely will be taken care of.
